A TRILOGY OF TERROR — WHAT BECAME OF THE MYSTERIOUS "NEW AGE" FIGURE KNOWN AS MICHAEL X?

If you have been following what is roughly known as the UFO, New Age communities you would probably have heard of the mysterious figure known as "Michael X" as he was known as one of the great avatars of the early Flying Saucer-Contactee movement of the 1950s. He spoke with great articulation and sincerity at many of the well attended outdoor conventions held annually at Giant Rock, a private landing strip just out of Joshua Tree in the hot Mojave Desert of Southern Calif. He spoke calmly and collectively about the arrival of the silvery spaceships, dubbed flying saucers, explaining how they were piloted by friendly space beings from this solar system and way beyond.

On a mission of peace and harmony, Michael hailed the arrival of the Space Brotherhood whom he believed were materializing here to offer assistance in any way possible to elevate our consciousness to a more harmonious one. Their goal? Allowing us to join the cosmic league of nations, a federation of spiritually advanced worlds who exist all around us in this and other dimensions, whether we believe it or not!

I guess you could call Michael X a guru of sorts, though he didn't head a religious cult nor was he looking to attract a fanatical following in the manner of other more self absorbent "masters" of universal wisdom. No! Michael X was an avatar in the true sense of the word – an advocate for all of humanity. So that he didn't become part of a cult of personality, Michael refused to reveal his last name but added the X after his first name as sort of a symbol that represented all of the mysteries of our world and the space and time we inhabit, even if we had not officially acknowledged the legitimacy of others hobnobbing among the stars.

If one owned a complete collection of Michael X's monographs, which I estimate number around 25 and were self published by his Futura Press from roughly 1956 through the late 60s or early 70s, one might be able to put together some incomplete biographical notes.

We know that Michael Barton was residing in Los Angeles when he found his life changed when his best friend Jim became very ill with a condition that baffled the best doctors. While meditating over his buddy's deteriorating circumstance, Michael found he was able to receive telepathic communications beamed to him from more advanced cosmic souls.

Not wanting to alienate his business clients, but desperate to get the information he had collected out to a growing number of adherents in UFO and New Age philosophy, he began to self-publish courses and monographs under the pseudonym of Michael X. His work was read and distributed widely as believers and skeptics alike instinctively took to what he had to say and recognized the importance of its content.

You see, Michael X didn't just write about lights in the sky —or about close encounters for that matter. No, Michael X got his information first hand via telepathy from his extraterrestrial "guides." And they taught him much; everything from health secrets to how the Space Brother's understanding of science, philosophy and religion, could possibly propel us forward into a New Age of reason and enlightenment.

Michael X shared what he learned from the "Venusians" — whom he said were his closest acquaintances – in a series of very concise study guides which he sold mainly at UFO and metaphysical meetings, but also advertised in publications like Fate and Ray Palmer's Flying Saucers From Outer Space magazine. In fact, truth be told, I was selling Michael X's books when I was 15. We would advertise them in our little mimeographed publications and Michael would drop ship them to our readers. He had books on cosmic telepathy, how to initiate contact with the UFOnauts, health secrets, visions at Fatima, Nazi UFO secrets and so forth. Before he vanished from the scene he sold most of his books to Gray Barker of Saucerian Press. When Barker passed I purchased all the remaining copies and had them lying around in various cubbyholes for years but now feel it is important for these monographs to be brought back into circulation.

I do not know if Michael X is still with us or not. If he is I know he will not be resentful of the fact that we have decided to compile and reissue some of his most vital writings for an entirely new generation to consume and gain knowledge from. We have already reprinted his work Flying Saucer Revelations as a bonus section in the book Vi Venus: Starchild, now obtainable directly through us, or on Amazon.com, of course.

INSIDE INFORMATION

But, as it turns out, Michael X's career was not only involved with the sweetness and light aspects of the New Age movement, but he had stumbled upon the darker side of UFOlogy which frightened him so much that he eventually left behind the work he loved so much. This is a little known "secret" about Michael X that I don't believe has ever been presented before.

I got this information from a buddy, Dr. Frank E. Stranges author of Stranger at the Pentagon and a fairly good friend of Michael's. For years they crossed paths speaking at the same venues, mainly California-based metaphysical centers and Spiritualist churches, who were open to ideas involving extraterrestrials, doubtlessly because of their highly evolved secular appeal.

As you can see from reviewing the presentation of the material published in this compilation of Michael X's varied work, he did not rule out the negative aspects of what he was involved in; though I don't believe he ever felt his life would be placed in great jeopardy as it eventually turned out to be.

In this Trilogy Of Terror we present what might be considered to be information on the seamier side of the subjects at hand.

Here is information on Nazi UFOs, which Michael spoke about years before anyone else dared touch the theory that German scientists had stumbled upon a revolutionary form of propulsion and had constructed disc-shaped devices that they had hoped would help them win the war. There is also a warning from the space people to get our tail off the moon and never return – OR ELSE! And if you think David Icke was the first to write about reptilians roaming the earth, guess again for Michael told about the existence of a race of serpents running around inside Rainbow City as part of an inner earth contingent.

Apparently, he went TOO FAR somewhere along the line in releasing this information and "they" went out of their way to get him!

Call it the Psychic Mafia if you want, whatever, it doesn't make much difference. The threat turned out to be real and VERY DEADLY.

During one of his meditations a "voice" came to Michael and gave a

TOP SECRET PLACES GOVERNMENTS DON'T WANT YOU TO KNOW ABOUT

HIGH SECURITY FACILITIES, UNDERGROUND BASES AND OTHER OFF-LIMITS AREAS EXPOSED BY CHAMPION WHISTLE BLOWER

KEEP OUT!

New Book by Nick Redfern & Our Special Confidential Audio CD by Commander X, Tesla Technologies and Black Budget Weapons

They are all here – and they are all exposed to the daylight for the first time! Area 51, Hangar 18, the Montauk facility, the Dulce Base, the undersea world of Sanya, HAARP in Alaska, Pine Gap, Fort Detrick, Rudloe Manor, and the Zhitkur underground realm.

These are just a few of the select, highly classified installations about which the governments of the United States, Australia, China, Russia, the United Kingdom, and others prefer that the general public remain steadfastly ignorant about.

And those same governments have excellent reasons for wishing us to remain in the dark. It is at these secret facilities that for decades clandestine research has reportedly been undertaken into crashed UFOs, deceased alien entities, bizarre creatures and unknown animals, lethal viruses, biological warfare, mind-control experimentation, and much, much more.

Whether situated deep under the oceans, far below the ground, or within the heart of remote, fortified desert locales, these and many other super secret places are guarded with a near-paranoid zeal by those in power who wish to keep their secrets buried and locked far away from prying eyes. And they have succeeded. Until now.

You Can Do It! Yes You Can!

This book has been written to help you obtain the power to create a better world for yourself and your loved ones with the help of common Spiritual Tools that are obtainable everywhere. The author, Maria D'Andrea, a talented psychic practitioner proclaims:

"The art of metaphysics is a very ancient one. Much of the ancient knowledge has been lost to us since it was passed down largely by word of mouth in total secrecy. Even in some privately owned Book of Shadows or Occult Grimoire, a portion of the formula has been left out or written in code so that it cannot be deciphered. This is understandable when you realize how much power and control can be wielded when the power of the occult is in the wrong hands. You must always remember that the elements of nature are neutral - neither positive nor negative and that we are meant to walk in balance in both the spiritual and physical worlds."

specific place and time to meet for a face to face encounter with his supposed alien friends. They promised to reveal some information that had not been disclosed before that would be helpful in the dissemination of his work.

Michael was sent to an out of the way place in the Mojave Desert where they could be secluded from others who might see their landed ship and "turn them in."

At first when Michael got to the desolate spot he saw nothing so he sat in his car and waited. Suddenly he saw the glint of something in the sunlight. Thinking it was their glittering craft, Barton got out of his vehicle and began to walk in the direction of where he had seen the reflection.

All of a sudden, he felt something was just not right. He heard an inner voice telling him to get out of there RIGHT AWAY or he would be in big trouble. At the point of sliding back into his automobile he looked back over his shoulder and saw the men he was going to meet, putting down their rifle which they had been pointing in his direction. The rifle was the object that he had actually seen glittering in the sunlight.

Michael quickly realized he had every reason to be concerned – frightened might be a better term. He had his family to think of. He had second thoughts about continuing with this work, if it was going to put his and his loved ones lives in danger. And so Michael X quickly retreated from the field, never to be heard from again. A great loss for everyone – especially for humanity who could certainly gain from his teachings (be they from extraterrestrials or not).

I did manage to get Michael on the phone by using a contact number Dr. Stranges had given me. He refused to talk about what had happened, feeling it was better to leave well enough alone. But he did confirm the basic facts of the account I have just revealed, and so we should take him at his word and leave him alone and be content with reading the work he left behind for all of us to learn from.

So here are three of the most controversial works penned by Michael X during his illustrious writing and research careers. Contemplate upon this material and decide for yourself the true nature and validity of these highly controversial claims, for the outcome of our lives may very well depend upon material such as this in the end.

Astronaut Edgar Mitchell and
National Security Expert Richard Dolan

Sean Casteel Interviews National Security Expert Richard Dolan
THOSE MYSTERIOUS TRIANGLES AND A BREAKAWAY CIVILIZATION
Brief Excerpt From THE SECRET SPACE PROGRAM – WHO IS RESPONSIBLE?

Renowned National Security and cover-up researcher Richard Dolan is pretty much convinced there is a secret space program and a possible "breakaway civilization" existing alongside us on the Earth who is responsible for the influx of boomerang shaped objects seen in the sky worldwide during the last few decades. Furthermore, Dolan, author of UFOs And The National Security State, says he has it on credible authority that there are already bases on the Moon and perhaps on Mars, a fact that is being hidden from the public.

ON THE TRIANGLE-SHAPED UFOS, DOLAN TOLD US THIS:

"I've been looking at triangles for a while myself. There's definitely a proliferation of triangles sightings. That is the perfect triangular craft. And of course, as you know, there aren't supposed to be any. In the inventories of all the militaries of the world, there are no openly-acknowledged, perfect triangular craft, not one. Now, we've got rumors of things like the TR-3, the Black Manta. There are a lot of sightings of triangles near the Boeing plant in Seattle. There have been a number of these recorded. I believe that we are making some of these triangles. There's a crystal clear sighting of a perfect triangle craft from 1989 over the North Sea by one of the most experienced aviation experts in the world at that time. A guy named Chris Gibson, who used to compete in aircraft recognition contests. They'd flash a picture of an aircraft at you for a couple of seconds and you'd have to identify it.

"This guy saw a perfect triangle in a refueling operation with a KC-135 and a couple of F-111s accompanying it. And the guy's adamant. A witness like that is someone it's very tough to refute. So I think we've been building triangles for a while. And it would seem to me that that would be one of the core parts of the secret space program, the triangular craft. The only thing that makes me wonder that some of these triangles aren't ours is that, just like with other elements of the rest of the UFO phenomenon, people have encountered some of these triangular craft, and there seems to be a great deal of "high strangeness," even with these triangles. And that's something that normally one would associate with maybe non-human entities. But you get the same high strangeness, time distortions, apparent abduction experiences with nonhumans. With some triangle encounters you get what other times happens with UFO craft. So it makes me wonder that yes, we are probably building some triangles. But I would stop short of saying that we are building ALL of the triangles."

A SPOOKY BREAKAWAY CIVILIZATION

"One of the ideas I've been kicking around for the last few years is that of a 'breakaway civilization.' I think that this is something that is real. Now my theory of it is that it originated really in post-World War II society, but there's nothing preventing such a thing from having happened earlier. The basic idea of the 'breakaway civilization' is simply that you have a secret group, a classified group of people, with access to radically advanced technology, radically advanced science, and they just don't share with the rest of the world. One scientific breakthrough leads to another, and that leads to another and so on. So the next thing you know you've got a separate group of humanity that is vastly far beyond the rest of the world.

"This is not such a radical idea. In our own official world history, you go back 200 years and compare levels of technology from Europe to say Central Africa and you're talking about two vastly different ways of understanding the world. So really, what is the difficulty in understanding that a classified, secret scientific community would make radical breakthroughs that they wouldn't share? I don't think it's outrageous, and I do think that this has happened since World War II. Now one of the breakthroughs that they've made is in what we could call antigravity technology. Now, could this have happened in the 19th century? I don't think that it's impossible in theory. My only query would be, on what evidence do we make this case?

"I have speculated privately many times whether there has been a secret breakaway group going back to ancient times. When you look at some of the really puzzling mysteries of our ancient world, whether it's the Great Pyramid of Giza or Machu Pichu, there are elements of those and other architectural sites that have been left behind that to me at least don't make a whole lot of sense in the context of human society as it then was supposed to have existed. The Great Pyramid doesn't make sense to me in terms of 2,500 years ago ancient Egyptian culture. And I wonder if this was a human construct at the time and what human civilization are we talking about here? So I leave open the possibility that some great secret would be understood by a very small, elect group of people. And they would hide this from the rest of the world for obvious reasons – power, and just not wanting to share."

The Secret Space Program is among the most clandestine efforts ever undertaken and the questions are many as to who is responsible for its adaptation.

Yes, the answers are of utmost importance despite the fact that the American public is being kept in the dark about a subject so intriguing, so controversial, that its mere utterance creates a frustrating clash among skeptics and those who claim they know the truth, because they have, themselves, been a part of this Secret Space Program.

Indeed, are scientists and others traveling back and forth between colonies already established in space? Have their memories been erased so they have only dream-like recollections of such "adventures?" Even Jules Verne – and other early science fiction pioneers – might have hinted that secret societies had developed "advanced" technologies that enabled them to venture beyond our atmosphere.

And there is also evidence that NASA and other U.S. Space Programs have, from the beginning, been permeated with Masonic ritual and all the trappings of occult magic and alchemy.

INVESTIGATORS BAFFLED BY WOMAN'S CLAIM SHE IS FROM ANOTHER PLANET MENTAL HEALTH EXPERTS GIVE HER CLEAN BILL OF HEALTH

Decide For Yourself • What Is The Truth Regarding Her Incredible Story?

The first visitor from another planet to arrive and live on Earth may have come here in 1960 totally unbeknownst to the world's population despite its monumental historical importance.

According to the story, ViVenus – her adopted Earthly name – claims to have replaced a young woman who looked her own age – her double – who led a rather tragic life and was contemplating suicide. The "switch" took place in New York's Central park when ViVenus's craft lowered her out one side of the ship and beamed aboard the troubled woman through a hatch on the other side of the flying saucer.

ViVenus took over the girl's life, only this time, she had a mission to accomplish – to bring love and an advanced cosmology to the Earth. Over the next two decades before she mysteriously vanished, ViVenus traveled across North America to bring her message to those who were willing to listen. "Every day of my travels was a miracle," she insists. "People changed before my eyes. Violence dissolved into kindness, hurt into laughter. Fear and confusion washed away to be replaced by love."

SAVING THE WORLD

One of the stops the mystery woman made was to speak with the famous host of an all night talk radio program. When the receptionist at NBC asked the nature of her business, Vienus replied that she had come on a "long journey," and that her visit might save the world from destroying itself.

As the receptionist was about to escort the assuredly insane woman to the elevator, the door to the inner studio opened and out walked America's most popular talk show personality. Long John Nebel wanted to know what the commotion was all about, since he had a hectic schedule and needed to get back to what he was doing. "I've come to the Earth from another planet and I have a great deal of information to pass on to humanity and I know you can help me because you have such a vast audience who'll be eager to hear what I have to say."

Apparently, Vivenus' prediction must have been accurate because the rest is history. According to sworn testimony, in days to come the station received more than ten thousand letters, postcards and telegrams from listeners demanding to know more about the mystifying lady.

NOT ALL CREATURES FROM OTHER PLANETS ARE INTERESTED IN ABDUCTING US AND PROBING OUR BODIES!

In the book VIVENUS STARCHILD you will learn how people on Venus live for thousands of years; How everyone on Earth has a twin on Venus; How the Venusian's have developed their mental powers to create a paradise on their planet; How Earth and its inhabitants have strayed from God's path, and how we can also make Earth a paradise.

PLUS SPECIAL BONUS MYSTIC MONOGRAPH BY MICHAEL X His real name was Michael Barton, though he wrote over 25 confidential monographs under the moniker of Michael X. All we really know is that Michael was a simple businessman who had a friend whose life was saved from cancer after having a close encounter. A former skeptic, Barton began to question his sensibilities as he spoke with many of the UFO contactees he met at places like Giant Rock in the Mojave Desert, to exchange stories of meeting beautiful, benevolent, angelic-like beings from outer space.

In this rare reprinted section Michael X reveals the SECRET ORIGIN OF HUMANKIND. The author asks: "Did you ever wonder about how you came to be on this planet? Where did you...and the other billions of human inhabitants of this Earth come from in the first place? What are the real facts?"

"You're going to be astounded and amazed when you find out the whole story of man's secret origin! You'll probably say to yourself 'Why wasn't this information brought to my attention before?' and, 'Why wasn't I taught this kind of knowledge in school, so I could have been making good use of it all these years?' Why? Why? Why?"

This book will take you on an adventure like you have never been on before.

YOU CAN BECOME AN ALCHEMIST!

Count St. Germain's IMMORTALITY KIT

Count Saint Germain—The Most Mysterious Man Of All Ages—Would Like To Share The Secret Of Eternal Youth With You! Secret Formulas Of The World's Greatest Alchemist Revealed For The First Time!!

EVERY AGE has its sages, its avatars, its prophets, and its master spiritual teachers. Yet, no other figure in any age—including the time in which we currently live—is more revered than is the man of mystery known the world over as the Count Saint Germain..."the man who never dies."

But who is Saint Germain? Does he really exist? And, if so, what meaning can he possibly have in our lives? Indeed, does he have an important message that he would like to share with each one of us? And, if so, should we take what he has to say with a great deal of seriousness? More and more, we see the name Count Saint Germain popping up in popular literature, from metaphysical books to "dime store" historical novels.

There are those who claim to have met him personally, while others say he has "materialized" before them, or has spoken to them on a regular basis, "channeling" messages of love, harmony, prosperity and immortality from a hidden city somewhere beneath Tibet. Here was said to be a man still alive and approaching the ripe old age of 400, who supposedly roamed Europe in the 1700s, helped the Founding Fathers draw up the Bill of Rights, and appeared on a television program in France as recently as ten years ago. Furthermore, supposedly, Saint Germain stumbled upon the secrets of the ancient art of learning how to restructure matter, rearrange atoms, and turn a lump of ordinary slag into a valuable piece of gold the size of a fist.

The Count Saint Germain has, apparently, walked the Earth in a variety of disguises, easily mingling with world leaders in order to promote the virtues of freedom and democracy. He particularly loves the United States, and has saved the country from great harm several times when he appeared before our President to offer advice and wisdom from higher realms. He may even have helped avert a nuclear war with Russia during the Cuban missile crisis, and is said to have warned Kennedy not to go to Dallas.
